

- Please have your pet here between 7:00am and 8:30am on the day of the surgery.
- Your pet will stay the day with us for postoperative care and monitoring, and should be ready to go home between 4:00pm and 5:30pm, unless otherwise noted.
- Remember, all dogs and cats should have no food or water after midnight of the night prior to surgery.
- If your pet is on any prescription medications or pre-surgical antibiotics, please give as directed, **including a dose the morning of surgery**. (Arthritis medicines should be discontinued 3 days before surgery)
- If you have any questions regarding your pet's upcoming surgery please feel free to contact us during business hours at (573)893-7707.
